Mama

I miss you and I'm sorry for all the sorrow life caused you over the years. When I buried my son last year I realized the pain you feared by raising me. I love you so much and need the comfort of your arms. I wanted to write you this letter because I'm not able to be there in your time of need.

Remember the trips to Vegas back in the day. Remember I told you if I died right now I would die with no regrets because I lived my life to the fullest. Well my life would be empty without you in it. So please please please stay strong and pull through this. Give me one more chance to make you proud of me. Come through this and we will have the time of our lives. I'm trying to sell my business and move to Vegas. I'll do whatever it takes to get things right. I want to be where you are. Within the next 6 months you won't need or want for anything ever again. I have always kept my word to you. I have a

book coming out soon and a Movie coming out
in July. I want you ready to walk on the
Red Carpet. All thing in the past come to an
end. I won't be complete if you aren't there to enjoy

the ones we have ahead. Success is nothing

Dear Gov O'Malley

I hope this letter reaches you. This is my 3rd attempt to be heard. You answered my 1st letter in Nov. of 2006. I was going to hold an auction to raise money to start a non-profit organization in Baltimore. Remember "GET SHORTY" I have a response letter from you encouraging my contribution to the community. I showed you various individuals of which I have worked for and help raise hundreds of thousands of dollar within the state of Maryland. John Hopkins ,Johnny Unitas, Pets on Wheels, Heart Feast, just to name a few. I also have a letter from David Irwin I know you know him. Also enclosed in this letter are copies of letters from various members of the Con. and Sen. from Maryland and Illinois. So please take this letter seriously this is an important issue to the people in the inner City of Baltimore and the Ghetto across this nation.

The issue of Equal Protection under the law and numerous other civil and constitutional right are routinely and constantly denied. Ask your fellow Gov. of Louisiana about the Jena 6 Project or the rape and torture of the Black woman in West Virginia. Our government is failing to protect its underclass and poor. Baltimore City has one of the Highest murder rates in America. This is Genocide right in our face and nobody is trying to stop it. The News Media only in flames the negative stereotype of the black male figure. Just look at the description Geraldo used to describe the O.J ordeal.

This letter is written for you to come to my defense. You can consider me the Dreed Scott decision of 2007.I want to know if I am a Free Black Man in America. Maryland is the Free State and Illinois is the Slavery State. This is a true story and a Judicial and Legislative Littness test. We the people are not getting the benefits or protection of which or Constitution was created. WE the people, for the people, by the people. We people in the Ghetto have been excluded from these protections and equal justice. Always if not often guilty before the trial. And ear marked for the Dept of Correction. Where do we fit in? America is celebrating 400 years.

I am a tax paying citizen and a Pillar of my community. I deserve better treatment from my government. I pay over \$30,000 a year in taxes,

but the State of Illinois has taken my right to vote away from me for over 20 years. This is a violation of The Bill of Rights Taxation without representation. Since you are my Governor you are the man I need to resolve this issue. Between you and the Governor of Illinois this shouldn't be a problem for long. I am making a Documentary. You can ask Mr. Cardin. He has offered help, but declined to appear on my video. Now I am at your front door. If you choose to ignore me I plan on putting any future taxes in escrow until or unless the clarity of my social status is cleared up. Then I'm going to attempt to encourage all Americans not to pay their taxes and put it in escrow until or Government does right for its entire people. We have become a class cast type of society. We have lost our Democracy. I'm here to expose the system for what it has become. And remind you where we came from. Where do we fit in this CELEBRATION?

I hope to hear from you this is going to become very public your response is required but not needed. Your inactions will only give validity to the obvious. Your actions on my behalf will show Democracy has a glimmer of hope. I am my brothers Keeper. Are you? Enclosed are people that believe in my struggle. They are the voters that back me. You know some of these people personally. They have contributed to you campaigned. So have I. Go to Shorty_9@yahoo.com. This is our story. The Ghetto needs to be heard. Shorty is here to say what needs to be said and do what needs to be done. Martin showed me how. Malcolm gave the inspiration. The Constitution gives me the RIGHT. I am asking you for my FREEDOM. If not deport me. Marcus Garvey gave the direction. This is not a Dream. This is a 400 year celebration please tell me where the Ghetto fits in?

Dear Governor O'Malley,

I am writing you this letter because I need your help to clear my name and criminal record. This packet is similar to the one I sent to you in November of 2006. The only difference is my name, honor, and personal reputation have been abused by Public Officials in Lake County Illinois. You are the Head of this State. I only want to be FREE! "I want my rights and my life back I am looking for Justice to be served. Not just for me and my son Gerrell, but the countless others that are caught up in this Oppressive Judicial System in Lake County Illinois

I have exhausted all my avenues to find clarity to my situation. Now it leads to you. I am exercising my Constitutional Right of Representation. Since I can't afford a Lawyer. Besides I did nothing wrong the Public Official I have named need a lawyer to defend their actions and refusal to recognize the Appellate decision! This is a violation of Judicial Ethics. This packet is very clear in charges I intend to level as well my countless attempts to remedy the situation, through the Democratic process as well as the Judicial System it's self. But you know how hard it is to admit when you are wrong. This is not in their realm of reality. So can you "Please" help me to bring closure and receive Justice at the same time.

Respectfully Requested

Dear Lake County Board Members

Hello. I hope this letter catches all of you in good health as well as humor. I missed you on 6-11-07. I was there like I said I would. I bought some people with me. Did you hear about the "TOILET" ? You must admit I am persistent and imaginative. And I am determined to get my day in court.

Are you following the Nifong trial? The County Board brung him up on charges. I have put enough evidence in you hands to bring charges concerning the Ethic of Judges on your Court. Yet you refuse to answer my letters or file charges against the individuals that have I have brung to your attention. If you would take the time to talk to me, you might be able to salvage some type of compromise. But if you continue to ignore me and my request we can go to the limit.

The where about concerning my mail is another issue? Those 16 pages from my diary substantiated my claim of Racial Oppression and yet you turn your back and cover your ears. Where do you stand? Are you part of the problem or part of the solution? What does it take to make you take a stand? I told you I will not stop until Justice is served. I have nothing to lose. And everything to gain. My life back. My name restored. My standing in my Community restored. My documentary will do most of this. But it means nothing unless changes are made within the system.

Enclosed are copies of some financial information. I grossed 2.7 million in 10 years. I have 300 members that were part of SHORTY'S 20 years ago. I have interviews with some of the original members that give validity to my struggle and charges. I have been telling you this for some time now.

Now my Lawsuit is going up to 600,000,000 million. You might want to weigh your options. I am asking for gross not net. There is a difference. I think that if a man can sue a laundry for 54 million over a pair of pants. Why can't sue the pants off of Lake County. I told you the Book. The Movie. Then the Lawsuit. I have been doing everything I said I would. Lake County has done everything I thought you would. Now we are at a Crossroad.

Look
at the documentary "Mississippi Cold Case." Consider me your Thomas

Moore. Gerrell Davis is my son. I want answers. Margie Garcia States Attorney said she doesn't know about it. Wrong Answer. Keith Grant Chief Felony Attorney said my case doesn't concern him. Wrong Answer. By Illinois Law until or unless clarity concerning my 1986 trial and 1990 conviction you represent me. Since I represent myself the States Attorney and the Public Defenders offices need to straighten this mess they have created. My movie is going to force something to be done. How long are you willing to deal with my indiscretion and disclosers of your inactions? Your secrets an going to be exposed. I have nothing to hide. What about you? Time will tell. I have nothing, but time.

Patiently Waiting

Lake County Board Members

This is letter it inform Lake County Board of my intentions to create a documentary concerning my plight with the Judicial System and Law Enforcement Depts. in the area. Since I personally know so many of the Board Members and the Letters I have written are very extreme in nature and content. I am offering the Board, Judge Booras, Judge Forman, Chief Judge Starck, and States Attorney Waller Supt. Lesza. Former Mayor Thompson, Robert Evans, and any others mentioned in my Letters to Zion.

My documentary is being funded by Sen. Frank Kelly Sr.(Retired) Owner and President of Kelly Insurance Group. I have a professional film maker and he wants to give both sides to the story. I am taking this time to offer you the opportunity to clear the air on all the issues at hand. I am giving everyone the chance to be heard. We will be on the Door Steps of the Lake County Courthouse on 6-11-07. All I want to do is let the people involved say their peace. I will be available at their leisure. Since there is no pending litigation they have the FREEDOM to say what ever they really feel. I plan on it.

If no-one wishes to be on film. You are more than free to offer any defense to their actions or in actions by means of they may deem politically correct. Letters, videos or any media of choice. They can send all correspondence to Richard W. Reische P.A Attorney at law. Park Plaza. Suite 200. 800 North Charles St. Baltimore Md 21201. He is not my lawyer. I am my own Lawyer. He is my friend just like David Irwin. I don't need a lawyer. I'm looking for "Justice".

where the "Dreed Scott decision comes into play. I have exhausted all avenues of the Judicial and Democratic Process. Local, City, State and the Federal level. Yet no one will make a stand. This is a political time bomb. Someone has to make a stand. I am that man. These are my options. I can sue Lake County for 2.5 Billion Dollar Class Action Lawsuit. Considering their treatment of me over the last 28 years I can petition the Court for a change of Venue. IF you refuse to get involved my second option is to bring suit against the State on Illinois for 12 Billion. You have knowledge of Judicial Misconduct and a pattern of oppressive behavior. You have knowledge of evidence destroy by a Government employee. Your employee. They are accountable to you. Their Ethics are extremely out of bounds. Sen Paul said it best at the Presidential Debate at Morgan State. We don't need Lawyers to determine the Constitution. It was made By The People For The People. Remember? We the People in order to form a more perfect Union. I am asking you to answer my question. What is the Color of Justice in the Lake County? I have a Birth certificate that says I'm White. Do I stand a chance?

Dear Mr. President

Good morning to you sir, I am back at your door again. I am speaking from the Ghetto. It seems that were forgotten about once again. I am here on behalf of the Davis Family. As the head of my Family. I am asking for Equal Justice and Protection under the law. These are my Constitutional and Civil Rights of which I was born to have. And of which are constantly denied. This is one of many letters to land on your desk. You and I are destined to meet. If not at least I offer you my hand regardless. You declined the Picnic on the 4th of July. Congressman Cummings said he would pass on the request. You and your guest missed a great party. Look in the October issue of Baltimore Style Magazine. You can see the pictures on my space (Shorty_9@yahoo.com).

You would be surprised how many people share my view concerning the subject racial inequalities that exist in America. Sen. Cardin has contacted the Governor of Illinois on my behalf. Sen Cummings and Sen. Clinton have failed or neglected to respond. So have Jesse Jackson Jr. and the other countless members of the Rep. and Dem. Party's of our Nations Government. Mr. Obama answered my request and at least offered me a legal direction to address this National Issue. These are trying times concerning the issue of Race relation and distribution of Justice in America. You are using the Ghetto as a escape goat. My plight. My story. And my nations refusal to acknowledge their in justice to not just me, but other countless Black male role models.

I have contacted every governmental agency hoping to avoid this direct in your face type of question. You can ask Ms. Rice. You can ask Chief Justice Roberts. Attorney W. Kim of the Civil Rights

Division of the Attorney General's office. No one will respond. This is not how our government is suppose to answer a simple question. Where do you stand on Racial Oppression in America? What is your answer for the open injustices that exist in our Judicial System? N.R.P declined to let you answer that question on their media stage. Your friend Mr. O'Reilly, the self proclaimed savoir of our morals in society let you get in your view. I would really like to know your answer. Mr. O'Reilly really isn't going to ask you real question. Neither Mr. O'Reilly nor Mr. Williams can ask you the question I will. They are not from the Ghetto. They love to talk about the Ghetto. Well I am here to speak up for the Ghetto. And tell the truth about our Government in a Public form. The Ghetto is to often misrepresented and miss understood. I am just one voice that refuses to be denied my American born Rights just because the color of my skin or the area I live. I represent the Ghetto. This is our modern day struggle. And you and other people in Power refuse to acknowledge the existence.

Racism is running unchecked in our Judicial system. This is my 4th letter to you and you have ignored or refused to address this issue. I am making a Documentary. You are in it. Consider this a formal invitation to participate in the National Debate. This isn't Jena 6. This is about the distribution of Justice in America. This is a test. This is the main question on everyone's mind. What is the Color of Justice? Is it White or Black? You don't have to answer in person. You can send a letter or a representative to convey your response. But people will respect your answer response. Michael Steele knows me. He understands the importance of Debate. Unlike the rest of the Republican Presidential Candidates please don't ignore the Ghetto. We are your citizens too. We are the foundation of this nation. We pay taxes we fill your jails. We dying in your street. We need to be heard. I am here to say it. I am the Ghetto and I am asking you a simple question? What is the Color of Justice?

You spoke at Martian Luther Kings ground breaking ceremony. Were the words that came out of

your mouth simple words or only a speech? You need to put actions behind those words. Your legacy as President already has a cloud over it. Please don't leave office without addressing this issue. Our soldiers are dying in Iraq to defend our Democracy. Blacks are dying living its hypocrisy. This is the Shadow that has been around a long time.

I know you are an intelligent man. I use to work at NSA a too. You have ties to Baltimore. Bart Mitchell said hello. Michale Steele is a Bush supporter. I have raised over \$15,000 for the Republican party. I earned the Right to be heard. And like Fredrick Douglas I will be heard. Like Martian I'll lead the March. Like Malcolm X, by any means necessary. This is my quest. The Ghetto needs to be heard. Will you ignore me or respond to my request? I am not going anywhere. But I am willing to make the ultimate sacrifice for Democracy. Give me Justice or Deport me .I am willing to give up my Natural Born Freedoms if you refuse to defend my Constitutional and Civil Rights. I'm in this for the long hall .Voice from your pass are crying to be heard. These are not merly words. Where are the Freedoms America owes Me?

These are the spirit of their words .I am only the messenger. The message has been asked countless times. Justice in America is Injustice in the Ghetto. This is my relentless quest for justice. And a 30 year struggle detailing the Lake County Judicial System and their treatment of minorities within the system. We need help. This is why I am here. What is your response? We need to know. We the people are the frame work of this nation. We are framed by the Judicial system constantly. You need to reframe this system. What is the color of Justice?

In closing I wish to leave you with the knowledge that I will be back. Again Again and Again. Until something is done. Jena 6 Is just one case in a million. I am the one that stood up to say enough. I'm here again. Can you please give me a response? I will be patiently waiting. You can view my progress on my space. The world will see your Actions or Inactions. I love my Country,

but my Country doesn't love nor does it care about me. Look at the Injustices we endure. Look at the ones distributing it. The whole situation is disturbing. This is your Legacy. This is a part of History that will become an unwritten story in the pages of time. But my Legacy will be filled wit the quest of Freedom, Truth and the countless effort to have my voice heard. A modern day version of an American Slave. When will you set me Free?

Dear Mr. President

I realize this isn't the proper protocol, but I have asked my Congressman, my Senator, my Governor, Judges, The Speaker of the House and now the circle leads to you. I wrote you in the past. I know my voice is hard to hear. Bureaucracy is cluster of red tape and hurry up and wait. Well I've always been a patient person. I really do feel that 20 years is long enough My rights and "Freedom" have been taken from me. Now and 20 years ago.

No one, and I mean "No" one wants to talk to me. The F.B.I or the Attorney General of Illinois, or the States Attorney of Lake County Illinois. So I did attempt to be heard before I came to your door with my hat in hand. This is out of pure "Respect"! I am a Honorably Discharged Veteran of these United States of America. I have 5 sisters & 4 brothers. I am the 9th child of Corine & Joseph Davis. I have 8 children. And 4 grandchildren. I recently lost my son. No man should bury their child This is not the design of life. So please indulge me in a simple request. Can I please receive some Blind Justice ? The kind that OUR Constitution provides all their Citizens .Black ,White, Brown, Yellow, or Red. One nation. One law for all it's People. To be distributed equally.

My father was in WWII . My oldest brother James was in Viet Nam. I served my Country during Peace time. My nephew C.P served in Iraq the first time . My nephew David served in Iraq in our present deployment. He has safely returned and Blessed to be here. As we all are.

I was in another War that America has declared on itself. The War on Drugs. On 3-3-86 I surrendered to the local authorities. I turned in Guns & Drugs. I was trying to

change myself and my community. Instead I was treated like a prisoner of war. No rights. No justice and No respect. This is why I am knocking on your door.

I am asking you to look into my problem. The democracy that my family and countless other have offered themselves for is reason enough. America owes me . America said I was Free. But if you read through these papers you'll see the Americans in Lake County Illinois, say that these Freedoms and Liberties only apply to the chosen. The various official are above the Law and run their own justice. Racial Oppression is the agendas of their Plantation type Judicial System. Blacks are enslaved for misdemeanor offense while their white counter parts are given probation or depending on the individual no harm no foul.

If you read the last 10 pages you might find it offensive or funny. I don't know your type of humor you have. I keep laughter in my life. Please take the rest of this packet very serious. If I can't find relief within the United States Judicial System. I have the option to seek relief in the World Court. I am a casualty of the War on Drugs. I was denied my American born Constitutional Rights in 1986 as well as 2007. I was arrested for a Bomb Threat. Black men don't blow up buildings. Out of over 100,000 people they picked up The Black Guy." Racial Profiling" at it's best. America at it's worst. What about America? 400 years of Dreams that only apply to who? I wrote you a letter 30 days ago. I am still asking you that question. When will I be FREE???
